CLC Youth Continues Amid Social Distancing!

Hi all. This has been a trying several weeks for all of us, and it looks like we will have several more before the nationwide pandemic passes. While we are stuck at home, however, our youth program is going strong! Most of our summer events have unfortunately been cancelled, but we have expanded weekly programming and adapted it to an online format, details available in the left-hand column of this newsletter. This kind of isolation can be especially difficult for youth, and CLC is committed to doing all that we can to help provide a community in this time of trial. If you are a youth, or know any within or without the church community, please invite them to our four weekly events, where we play games, watch movies, and talk both about how the COVID-19 crisis has affected us and how we as the Church can respond to it.

Ideas, questions, concerns?

If you have any input on the current youth program, or any ideas for how we could better serve the youth of our community in present times, please reach out to me via my email or phone number at garthstevensjennings@gmail.com or 804-955-8497. Our current circumstances are unprecedented, and our online program is launching into uncharted waters, so any feedback or suggestions are most welcome!

Personal note:

These are difficult times, particularly to be a young person in. We are all of us under stress and unsure about the future, but together we can live as a community in mutual support, even if we must do so remotely. Christ calls us to live in love for one another, and even a deadly virus does not invalidate that most holy of callings. Stay safe, stay indoors, and be patient with one another, we are all having a rough time right now. I'll see you online, and await the day that we will meet in person again.

-Garth Stevens-Jennings
